PUBLIC HEARING ON THE PRELIMINARY BUDGET

Mayor Lanes called the Public Hearing for the Preliminary Budget to order at 6pm.

Roll Call: T Wynn, T Kramer, J Linneman, T Hanson. Mayor let record show as members present.

Mayor Lanes explained this was to review the preliminary budget before submitting the Final Budget to GF County by October 10, 2024, and that changes could be made within the budget itself, but the bottom dollar could not, and that it was opened for the public to comment and protest disapproval if they wanted. No public present.

Auditor Klava explained that the payroll raises were changed on the budget and that she had worked with Deb at the County on the last two items on the budget. The cash balance as of December 31, 2024, will be \$245,842.96. And Deb instructed us to put the same amount on the Interim Budget line. The tax levy will be \$40,503.93.

Mayor stated there was no public to comment, so the 2025 Preliminary Budget would be approved as written and submit to GF County.
